2) Atul Environment Services,  
(Herein called as party No. 2)

Name: Atul Kisan Warde  
Age: 48 years  
Resident of: Aurangabad.

Whereas the party no. 2 is contractor and for doing the said above work as per the rules and regulations of M.P.C.B.

**Terms & conditions:**

1. The bio-medical waste generated by hospital is defined as follows:
  - a) Human Anatomical Waste  
(Human tissues, Organs, body parts)
  - b) Microbiology & Biotechnology Waste  
(Waste from laboratory cultures, stocks or specimens of micro-organisms Live or attenuated vaccines, human and animal cell culture used in research and infectious agents from research and industrial laboratories, Wastes from production of biological, toxins, dishes and devices used for transfer of cultures)
  - c) Waste Sharps  
(Needles, syringes, scalpels, blades, glass, etc. that may cause puncture and cuts. This includes both used and unused sharps)
  - d) Discarded medicines, cytotoxic drugs  
(Wastes comprising of outdated, contaminated and discarded medicines)
  - e) Soiled Waste  
(Items contaminated with blood and body fluids including cotton, dressings, soiled plaster casts, lines, beddings, other material contaminated with blood).
  - f) Solid Waste  
(Wastes generated from disposable items other than the waste sharps such as tubbings, catheters, intravenous sets etc.)

All the above material (waste) is to be segregated and stored in prescribed bags with label of Bio-medical waste rules which are having specific colour codes as per M.P.C.B. Act. The material is to be segregated by hospital house-keeping department.

2. In the Bio-medical waste bag no other waste is allowed such as foodstuff, carry bags, fruits, papers, coconut, flowers etc. Waste should be as specified in BMW rules & M.T.P Act. If any type of waste which is not covered under these acts is found in the collected waste, the concerned HCE will be answerable to any action initiated by MPCB or any other authority in this regard.
3. The plastic bag must be properly labelled, tied, having Barcode Sticker and filled  $\frac{3}{4}^{\text{th}}$  only & while packing ensures that there is no leakage in the bag. Bags without label and Barcode stickers will not be collected. No matter will be entertained if all these conditions are not fulfilled and the waste will not be collected.
