Hospital Infrastructure

- **OPD**

Our founder, Mulana Gulam Vastanvi sir, had a vision, a dream that Homoeopathy should reach the masses and be approachable to the sick and needy. Thus, he started Munira Homeopathic Hospital Dispensary in the year 2021 in Ranjani, Jalna. True to his philanthropic attitude, he then charged a meager fee of just Rs. 05/- towards both consultation and medicines.

Under our Founder's guidance, with the blessings of Homoeopathic Stalwarts and able-handedness of efficient doctors, patients flocked from far and near and started benefitting immensely from our safe and gentle treatment. The concerned and empathetic doctors, immediate improvement and quick results and absence of side effects won the heart of the public.

Patient was even referred to us from nearby districts seeking treatment. This dispensary was further expanded and more units were added and now functions as the Out-Patient Department (OPD) of Omar Homoeopathic Medical College & Hospital.

Now, our Out-Patient Department has become a household name in Homoeopathy. We attend to around 300 patients per day. & it's Completely Charitable

Our expertise is sought in both acute diseases like fever or severe pain and in all kinds of chronic diseases.

Thus, our Out-Patient Department is our pride and the most valuable learning experience for our interns and budding homoeopathic doctors. It boosts their confidence and belief in our system and instills the spirit of homoeopathy in our students.

- **IPD**

- An In-patient Department was added to the Munira Homeopathic Hospital in the year 2021. Emergency and acute cases were admitted for quick recovery and better care. Patients with chronic ailments were also admitted for periodic monitoring.

- Now a 25-bedded hospital is fully functional with doctors on duty throughout the day and night, 24 hour nursing care, lab ECG facilities, X-ray, Pathology Lab.

- Patient seeking admission and In-patient care are greatly benefitting through our IPD and its multitude of facilities. Keeping in mind our Founder's vision, all our services are offered at a very reasonable rate.

- The IPD also plays a substantial role in imparting sound clinical education to our students and interns. They will have a hands-on experience in handling hospital admissions and emergency cases. They are also well aware of the extensive diagnostic equipments and techniques. Thus, our young homoeopaths are fully fledged and self-assured.

- **Diagnostics facility**

- The diagnostics centre Munira Homeopathic Hospital consists of several branches which includes Radiology & Pathology. The department strives to provide high quality & accurate tests at affordable prices. The department uses highly advanced equipment's to ensure the best performance. The team in the department consists of experienced and well trained doctors and support staff.

- **Facilities available at our center are**

- Radiology – X-Ray
- 24 x 7 Advanced Pathology Laboratory – Fare for cost.

- **Peripheral OPD**

- At Omar Homoeopathic Medical College & Hospital, we believe in constant growth and development. Over the years our OPD and IPD have gained the trust of thousands of patients.
- Thus we are taking homoeopathy even closer to the masses and being of immediate service to the ailing.
